The second round of Jeffrey Epstein data has dropped, and this one [shows that](#) the pedophile child trafficker exploited a teenage girl to "obtain potential blackmail information" on "prominent American politicians" and other world leaders.

One of Epstein's alleged victims says he sexually trafficked her and made her available for sex "to politically connected and financially powerful people." The purpose of these arranged sex acts was to collect blackmail that could be used against these leaders in finance and politics.

"Epstein's purposes in 'lending' Jane Doe (along with other young girls) to such powerful people were to ingratiate himself with them for business, personal, political and financial gain, as well as to obtain potential blackmail information," one of the documents states.

Jane Doe #3, as she is being called, was trafficked "for sexual purposes to many other powerful men, including numerous prominent American politicians, powerful business executives, foreign presidents, a well-known Prime Minister and other world leaders," the documents further state.

Allegations from a victim:

Epstein sexually trafficked her to "prominent American politicians, powerful business executives, foreign presidents, a well-known Prime Minister, and other world leaders."

He was "lending" her out to "obtain potential blackmail information."

Epstein was hired by Israeli intelligence to conduct kompromat on behalf of Mossad

As of this writing, the world has yet to see most of the names of these "powerful people" as their identities remain under lock and key to be released on a tapered timeline, for some reason.

It is speculated that detailed information about these people is contained on the hard drives and CDs that were photographed by the Federal Bureau of Investigation (FBI) during the agency's raid of Epstein's New York mansion in July 2019, just months before the Wuhan coronavirus (COVID-19) "pandemic" would launch.

Perhaps unsurprisingly, the photographed materials in question mysteriously went missing, only to be returned a few days later by Epstein's lawyer, potentially having been scrubbed in the interim.

It appears as though Epstein was hired by Israeli intelligence through his connection to Robert Maxwell to conduct kompromat, or the collection of disparaging information that can be used as blackmail, on behalf of Mossad.

Former Israeli spy Ari Ben-Menashe says Epstein ran a "complex intelligence operation" at the behest of Mossad, his primary role being the "blackmailing (of) American and other political figures."

In other words, Epstein played a go-between role between the Israeli deep state and American politics and finance. Israel had been using Epstein to collect incriminating and damning information on America's power brokers in order to blackmail and control them on behalf of Israel and its interests.

"Questions continue to swirl as to why 'America's greatest ally' would do this," writes Paul Joseph Watson for *Modernity*.

In the comments, someone wrote that having a blackmail file like the kind Epstein was compiling for Mossad "is the ticket to access the big club."

"Actors, actresses, singers, journalists, politicians, whatever," this person added. "Volunteer to have a blackmail file and gain access to the top of your profession."

"And don't think it was the only club these scumbags had credentials to. It was just one of the more exclusive clubs. And don't think that the club is closed. It just changed owners. The blackmail material is still out there. Until the tapes are exposed and people are put in jail, the club still functions."
